These week-by-week calendar pages are designed to help you organise that long, never-ending to-do list.

It can be overwhelming to have a long list of jobs to do. The 'Before', 'During' and 'After' sections of this planner are designed to help you organise what you will do, when, throughout the school day.

> 'Before' the children arrive 'During' the school day 'After' the children leave

Planning when you will complete tasks can help you manage your time and meet deadlines, whilst keeping on top of everything you need to do.
